## OPTIONS FOR GIFTING APPRECIATED ASSETS

In 2009, an investor purchased $\$ 10,000$ worth of $X Y Z$ stock in his brokerage account. After holding the stock for 9 years, he is thrilled to see his investment grow to $\$ 100,000$. With the market at an all-time high, he feels it's time to sell the stock and take the profit, but is concerned about the tax liability on the sale and doesn't have an immediate need for the funds. The investor's financial advisor knows that he is charitably inclined and proposed the idea of gifting the stock. He likes the idea, and together they review the options below:

## XYZ STock
